## Vision and Values Launch

The Vision and Values Launch was a great success and marked a special moment as students, staff, parents, carers and the wider community came together to embrace the new Vision and Values. Both are more than just words on paper because they are designed by us, for us and represent how we think, feel and behave. The students have been instrumental in developing our Values and meaning statements.

As the Vision and Values have been designed by us, for us, they will become a big part of our school, guiding and helping us every day. At our most recent curriculum day, staff worked together to identify the ways that we can bring the Values to life. Staff agreed on 4 areas of focus: 1) Classroom, 2) Communication, 3) Processes 4) Recognition.

To embed the Values into everything we do, and to continue student ownership and voice, Student Value Champions will be a new student led role at Noble Park Primary School. This role will be developed with the students and actions will be implemented by the students. Another action is to focus on the Values and meaning statements in our *Setting Up for Success* program which will take place at the commencement of 2024. Students, with the support of their teachers will create visual displays to represent the Values in their new home group as one of their first activities.

### Meet Your 2024 Teacher

To facilitate transition across the school, most students met their 2024 teacher today. During the transition session, the students engaged in relationship building activities while learning about the routines that will take place in Learning Houses at the commencement of the year. As our staffing profile for 2024 has not been completed, introductory/welcome letters from the students 2024 teacher will be provided during the first two weeks for Term 1, 2024.
